

Good Neighbor Guidelines

The Good Neighbor Guidelines are a code of ethics for Town of Frisco visitors staying in a short-term vacation rental unit. These guidelines help ensure that our community continues to meet its goals and remains safe, enjoyable and beautiful for everyone who lives, works and plays in the Town.

24-Hour Responsible Agent Contact Information: If at any time you have concerns about your stay, or in regard to your neighbors, please call the 24-hour contact number listed in the rental lease agreement or posted in the property. In the event of an emergency, call 911.

Wildfire Safety and Prevention: Wildfire is a serious risk here, and fire restrictions may be in place, depending on conditions and time of year. Even if fire restrictions are not in place, be vigilant: Only use approved outdoor devices, and ensure that a responsible adult is always present until a fire is out cold.

Visitors must check to see whether fire restrictions are in effect or if a permit is required before lighting a fire outdoors, smoking outdoors, or using outdoor grills, barbecues or stoves. Visit <https://summitfire.org/203/Wildfire-Information> to find current fire restrictions and other wildfire prevention information.

In the event of a wildfire, sign up to receive emergency information at www.SCAalert.org.

Respect for Wildlife: Summit County is blessed with a diversity of wildlife, including bears, elk, moose, mountain lions, marmots, bighorn sheep, mountain goats and beavers. It can be exciting to view Colorado's wildlife, but it is important to do so at a safe distance. Most dangerous and potentially harmful encounters with wildlife occur because people fail to leave animals alone. Wildlife should not be harassed, captured, domesticated or fed.

Intentional or inadvertent feeding is the major cause of most wildlife problems. It is illegal in Colorado to

intentionally place or distribute feed, salt blocks or other attractants for large animals.

Respect for Neighbors: Please be friendly and courteous, and treat your neighbors as you would like to be treated. Respect your neighbors and their property. The property owner or responsible agent shall inform all renters of property boundaries and limitations.

Trail Etiquette: Many people visit the Town of Frisco to recreate and use the trails adjacent to the Town. While here, please remember to take all trash and recycling with you from the trailhead and dispose of it in the proper receptacle in Town. Always stay on the designated trail to protect wildlife and the natural habitat, yield to uphill hikers, and follow any other posted trail etiquette at the trailhead.

Noise and Outdoor Lighting: Be considerate of the neighborhood and your neighbors' right to the quiet and peaceful enjoyment of their home and property, especially after 11 p.m. Do not direct outdoor lighting toward neighbors' homes, and do not leave outdoor lights on when you check out.

Maintenance of Property: Be sure to keep the property clean, presentable and free of trash and debris.

Trash and Recycling: Place all trash and recycling in the designated containers stored indoors, in order to prevent issues for wildlife or snow removal operators. Your Responsible Agent must provide a Town-approved trash disposal and collection plan. Please see the attached fact sheet for guidelines on accepted materials for recycling. If your Responsible Agent does not provide recycling bins, visit

<http://www.HighCountryConservation.org> to find the locations of Summit County's free recycling drop-off centers in Breckenridge, Frisco, and Silverthorne. Cigarette butts should be properly extinguished, cooled and disposed of in a trash receptacle.

Parking & Traffic Safety: All vehicles must park in the designated parking spaces provided. Do not park on roadways, lawns or in a manner that blocks driveways, sidewalks, alleys or mailboxes. Observe posted speed limits and watch for children and pedestrians. A copy of the Town-approved parking plan for the rental property must be provided to all renters in the rental agreement and posted in a prominent location within the property.

Maximum Capacity: This short-term rental unit has a maximum capacity of _____ overnight guests, and this limit cannot be exceeded for any reason.

Driving Conditions: The combination of extreme weather conditions and steep grades can create treacherous driving conditions in Colorado's mountains. Summit County roads are only plowed once per day and can become impassable. It is highly recommended that your vehicle be equipped with the following, September through May: 4WD or AWD, snow tires or mud/snow tires (M+S) with minimum 1/8 inch tread, functioning defrosts (front and back), sturdy ice scraper and snow brush, windshield fluid rated for 0 degrees F or colder, shovel, gloves, boots and other winter clothing.

In winter conditions, give plow trucks extra space, do not pass plow trucks, drive slowly, increase your following distance from other vehicles, avoid stopping on an uphill slope, use the left lane only for passing, and never use cruise control.

If weather conditions require, CDOT will implement a Traction Law on state highways (e.g., I-70, U.S. Hwy. 6, and Colo. Hwy. 9). Under a Traction Law, motorists will need to have either snow tires, M+S tires, or a four-wheel/all-wheel drive vehicle. All tires must have a minimum 1/8 inch tread. Motorists driving with inadequate equipment could be fined

more than \$130. If a motorist blocks the roadway because they have inadequate equipment during a Traction Law, they could be fined more than \$650.

Transportation: Due to parking restrictions, adverse driving conditions, and efforts to cut traffic and emissions in both Summit County and on the I-70 Mountain Corridor, we encourage you to consider transportation modes other than your personal car or a rental car. Vehicles throughout Summit County produce nearly 280,000 metric tons of CO2 equivalent annually and we have a goal of reducing these emissions by 91% by 2050; please help our effort to curb these harmful emissions. Transportation options both to and around the Town of Frisco and Summit County as a whole are plentiful. Check out the attachment on page 5 and visit goi70.com to learn more about driving in Colorado's mountains.

Pets: If pets are allowed in your rental unit, you must promptly clean-up after pets, prevent excessive and prolonged barking, and keep pets from roaming the neighborhood or harassing wildlife. Control aggressive pets and be sure to abide by the local leash laws. Dogs must be on leashes when on the Summit County Recreational Pathway System. Store pet food indoors in a secure container to reduce the likelihood of attracting wildlife and pests.

Tenant/Guest Responsibility: Approved guests and visitors are expected to follow the Good Neighbor Guidelines. Be sure to read your rental agreement for additional terms and restrictions, which may include consequences for failures to abide by the Good Neighbor Guidelines.
